VOTE YES ON 1

FOR LOCAL FOOD SECURITY

WHEN YOU GET YOUR BALLOT

VOTE YES

TO ESTABLISH A FOOD SECURITY FUND

IN THIS GENERAL ELECTION

Honolulu voters have a rare opportunity to strengthen Oʻahu's food future by establishing a Food Security Fund

The proposed charter amendment to establish a Food Security Fund will help support local agriculture, improve access to healthy food for our food insecure neighbors, and build long-term food security and resilience for our island community.

If approved by voters, the amendment would dedicate 0.5% of existing annual real property tax revenues to food security initiatives each year.

NO NEW TAXES.
NO PROPERTY TAX INCREASE.
JUST A STRONGER LOCAL FOOD SYSTEM FOR OʻAHU.

WHY VOTE YES?

Support Local Farmers

Strengthen local food production and create more opportunities for Hawaiʻi-grown food to stay local and feed kamaʻāina.

Feed Local Families

Improve access to healthy, locally produced food for keiki, kūpuna, and communities across Oʻahu who are struggling to make ends meet.

Strengthen Emergency Preparedness

A stronger local food system helps Oʻahu better withstand supply chain disruptions, natural disasters, and future emergencies.

Build a More Resilient Oʻahu

Invest in long-term solutions that benefit our economy, environment, and future generations.

A Smart Investment in Oʻahu's Future

The Food Security Fund would use a small portion of existing annual real property tax revenues to support food security initiatives.
